

I'm a SAP BW and BC certified consultant, with 12 years of extensive experience within the SAP ecosystem, specialised on the BI solution (7 years). I worked for SAP Ireland and for consultancy companies, then I managed the IT resources for a packaging group running a full SAP implementation. Currently self-employed, I provide technical and functional expertises covering all major steps of the project. I am also a member of the renowned french community ISAP (Independent SAP)

FUNCTIONAL SKILLS

FI CO	General ledger. Accounts Receivable / Payable . Profitability analysis . Costing
Production	Stock Management . Production Planning . Warehouse Management
Logistics	Sales processes : Order- Delivery - Billing . Purchasing processes
BI Decisional	Process analysing assistance . Conceptual Design . Modelling . Integrated Planning and simulation processes
Project management	Technical and functional assistance . Project coordination . Skill transfer . Resources training . End user support

TECHNICAL SKILLS

SAP	FI CO MM SD PP WM BC BW IP and SEM BPS - SAP ByDesign
LANGUAGES	ABAP, ABAP OO, FOX, VB.NET VBA C# C++ TSQL Javascript
MICROSOFT	Windows Server. Active Directory . Exchange Server . Office Bundle
RDBMS	SQL Server, Oracle
DIVERS	Business Object, Citrix, IRIS Personal, Powersim, PABX Alcatel OmniPCX

EMPLOYMENT and PROJECTS SUMMARY

From 2009-09	SAP BI - BC TECHNICAL and FUNCTIONAL CONSULTANT (SELF-EMPLOYED) SAP BI (BW 7.0, 3.x, IP, BPS) expertise NETWEAVER, ECC, R/3 Enterprise (BC, ABAP, ADMIN) and SAP ByDesign expertise
Project achievements for : CONSTRUCTION	Re-scoping, modelling and designing the simulation planning processes (BW IP) Deployment of vendors indicators for e-sourcing benchmark (BW FI-AP and MM-PUR) Integration of outstandings credits indicators with the corporate dashbord (BW FI AR and SEM BPS) SOLMAN BW End2End performance optimization
AGRO FOOD	BW 7.0 Upgrade and maintenance with SOLMAN Implementation of roles, menus, and authorisation with FICO and skill transfer within NETWEAVER 7.0 EHP4
WINE AND SPIRITS	Delivery of a full customized master data management portfolio reporting with BW 7.0 Skill transfer on BW development topics and on generic extraction programming techniques with NETWEAVER 7.0 EHP1
PACKAGING	End to end implementation of an inventory application developped with .NET interfaced with SAP MM-IM Heterogeneous system and DB migration : Hosting the full SAP R/3 4.6C landscape into a VMWARE environment

From 2006-03 to 2009-06 **IT MANAGER, SAP INTERNAL CONSULTANT,**
ECOFRANCE SAS Project director, system and telecom resources manager

Main achievements on SAP R/3 (FI CO MM SD PP BC)

Design of the production order printing process (PP, SAPSCRIPT, ABAP)
Implementation of the periodic stock valuation process, using the material ledger mechanism (CO-PC-ACT, MM)
Design of the input processes and applications for inventory management (MM-IM)
Reorganization of the contribution margin reports (COPA, ABAP, REPORT PAINTER)
Integration of the HR payroll figures (IRIS Personal and SAP FI interface)
Design of the sales performance indicators reports (SIS, SAP QUERY)
System basis component management (user administration, transport, mandant transfers, ABAP programming)
Global support maintenance (Support package applications, systems and processes audits)

Others IT achievements (10 servers, 3 manufacturing areas, 1 PABX, 55 LAN users)

Users authorization and applications management using Active Directory services, Windows 2003 server and TSE (Citrix PS4)
Deployment of Exchange 2003 liaised with the ISP (VPN access to the remote mailboxes)
Supervision of the telecom equipment (ALCALTEL Omni PCX + 1 T2 link + 1 T0 link)
Development of a Disaster Recovery Planning (Backup and restore procedures, Terminal Server redundancy, secured network links)
Skill and know-how transfer, end user training and support

From 2003-01 to 2006-02 **SAP BI (BW et SEM BPS) SENIOR CONSULTANT**
ARTENS Functional expertise with BW 3.x, 2.x et SEM BPS 3.x
Technical expertise (system administration and development using ABAP OO, Javascript, VBA)

2005-12 to 2006-02 **Development coordinator, BI project leader**
BACARDI Global Procurement : Procurement centralised budgeting process with SAP BW 3.5 and BPS 3.2
Project coordination (1 BW + 2 BPS resources)
Delivery of the global functional and technical specifications documents
Design of the BW model and input-ready templates and simulation functions with BPS workbench (FOX, ABAP OO and VBA language)

2005-04 to 2005-12 **Development coordinator, BW project leader**
ARCELOR System, Purchasing Group : Raw material procurement consolidated reporting with SAP BW 3.1C
Project coordination (2 BW, 1 ABAP resources).
Delivery of the global functional and technical specifications documents
Implementation and roll-out of a common extraction process model (8 sourcing sites in EUROPE)
Design and delivery of an input interface based on ODS targets and an ABAP programming.

2004-10 to 2005-03

Technical advisor, BW expert consultant

FRANCE TELECOM, Sales and Resources Information System : Heterogeneous Upgrade BW 2.0B to 3.1C, AIX to Linux

Implementation of an upgrade/migration custom-made procedure

Design of a web reporting cockpit for Purchasing - Stock management - Logistics analysis (1200 BW users)

Integration with the internal enterprise portal and roll out of the Web reporting solution (BSP development using ABAP and Javascript)

Skill transfer with the key users and the BW basis team

2003-01 to 2004-10

Technical advisor, BW and SEM BPS expert consultant

AIRBUS Central Entity, Corporate Financial Planning : Corporate planning and simulation system with BW 2.1C SEM BPS 3.2

Implementation of a simulation business model for the P&L, cash flow and balance sheet processes. (data collected from 300 users)

Supervision of the upgrade of SEM BPS 3.0A to 3.2 (Sizing, Customizing and migration of the planning workbench environment)

Performance optimisation (development of a BPS variables buffering technique, extended APIs...)

Skill transfer, training and workshop with key functional and technical users

Du 09-2000 au 12-2002
OXALIC

CONSULTANT SAP BW (2 full cycle project implementations)

Technical and functional expertise with SAP BW 2.x

Instructor at SAP France training center (BW and BC courses)

2001-2002 (8 months)

Development coordinator and BW senior consultant (1 FI CO + 1 BW + 1 ABAP resources)

AIRBUS Central Entity, Asset Management : second hand fleet sales and financial planning with SAP BW 2.0B, Oracle 7

Delivery of the global functional design document

Technical design and implementation of a dedicated reporting cockpit for financial and sales figures

Integration of the sales fleet planning to the corporate P&L process

2000-2002 (12 months)

BW consultant

EUROVIA, VINCI group : Corporate cockpit reporting for enterprise controlling BW 2.0B BO 5.0 Webi 2.7

Delivery of the build-phase on BW 2.0A and migration to BW 2.0B

Extension of the SAP BW business content with CO-OM, EC-PCA, FI-AR, FI-GL, PS, HR-PA

Realization of input interfaces based on ODS targets and ABAP programming

Design of a mock-up for the budget data collection with SEM-BPS 3.1B

Roll out and reporting realized with BUSINESS OBJECT (deployment across 160 entities)

Skill transfer and key users training

2000-2001 (7 months)

BW consultant (1st French full internet reporting solution based on SAP BW)

HUBWOOD.COM market place operator : Suppliers evaluation, orders and deliveries reporting (BW 2.0B, ITS, SAP BBP, Oracle 8)

Design and implementation of the reporting target template for the integration of a new purchaser / supplier

Design and implementation of generic extractors (DBConnect utility used with ABAP)

Set up of the technical monitoring application using the BW business technical content

Delivery of maintenance procedures and go live support

Technical et functional skill transfer to key users

2000-2002 (20 sessions)

SAP BW and BC external instructor

SAP France training center : instructor on the following training courses

BW205 BW210 BW220 : (8 sessions)

TABW10 : Advanced academy for BW certification (2 sessions)

SAP50 : SAP R/3 technical and basis introduction (10 sessions)

From 1999-02 to 2000-08

CONSULTANT at the CONVERSION CORE COMPETENCE Remote Services

SAP Ireland

Service and delivery on dedicated tools used to harmonize all business data changes

Technical advisor for FI ,CO, SD, MM, PP, BC, ABAP and workload optimisation in business scenarios

Merging or splitting chart of accounts, company codes, changing the fiscal year definition, renaming materials or partners masters, euro changeover...

Key references project delivery

Aerospatial, Matra, British American Tobacco, Telecom Portugal, Telecom Ireland, Mitsubishi, Apple, Philips, Pirelli, Solvay, Pioneer, Siemens...

EDUCATION

SAP

SAP ByDesign

ADM100 : SAP Web AS Administration version SAP NetWeaver

WM : Warehouse management customizing

NET200 : SAP Web Application Server

SAPTECH : SAP XI Exchanging Data , ABAP Object Orientated Development, SAP MDM Introduction

BW delta 3.0-3.5, Admin WAS 6.40, Java@SAP Development

BW Academy => Certification SAP BW 2.x

SAP Internal : BW 1.2A

SAP Internal : Data Conversion and harmonization . CA990 (Euro Changeover)

SAP Internal : BC305, BC310, BC315, BC360 => Certification BC 'workload optimization'

Others

1994, University of Lyon I

1991, University of Saint Etienne
